### **FOR IMMEDIATE RELEASE**

#### **Experience Pristine Beauty at Kenai Backcountry Lodge**

Nestled in the heart of Kenai National Wildlife Refuge and accessible only by small boat, Kenai Backcountry Lodge is the perfect venue to reinvigorate your passion for the solitude and peace you find in nature. Venture through evergreen forest as you journey to breathtaking alpine tundra. Discover by small boat what wonders lie beyond the next cove. Relax in a cozy, wood-fired sauna. Paddle a sea kayak across a brilliant turquoise glacial lake. Seek out moose and other wildlife under the rich glow of the midnight sun. And, at the end of the day, enjoy appetizers and a glass of chilled chardonnay, prelude to a delicious dinner served with gourmet flair.

#### **All of the Comfort, None of the Crowds...**

Originally built in the 1930's as a hunting lodge, the renovated Kenai Backcountry Lodge blends modern creature comforts with authentic rustic elegance. Guest accommodations are hand-built log cabins which offer charming indoor amenities, including private bathrooms, lodge-style furnishings, linens, comforters, and propane heaters and lights. With only nine log cabins for a maximum of 18 fellow travelers, guests are ensured greater intimacy with the pristine setting. Why stay at a hotel on the crowded outskirts of a popular National Park when you can have an authentic wilderness experience at our charming, remote Kenai Backcountry Lodge?

#### **Award Winning and Environmentally Friendly**

Each year, *National Geographic Traveler* compiles a "Stay List," designating 150 properties that represent a commitment to location-inspired ambience, eco-stewardship and community involvement. In 2005, the "Stay List" featured AWA's own Kenai Backcountry Lodge for its charming accommodations, environmental sensitivity and unique sense of place in remote Alaska. Kenai Backcountry Lodge was developed and managed with efforts to reduce the impact on the natural area. The lodge utilizes a simple but effective hydroelectric power system to provide water and electricity, reducing the need for fossil fueled power. Buildings have been built or renovated with environmentally friendly methods and materials in order to maintain historic context and blend with the wilderness character of the land.

## **Traveling in 2019?**

Nestled within a million acres of designated wilderness, you can visit this charismatic lodge as a stand-alone lodge vacation, in combination with our other lodges, or as part of an Alaska Adventure. AWA's Once in a Lifetime and Alaska Grand Adventures offer a spectacular exploration of the very best of Alaska, featuring a glacier & marine wildlife cruise to Kenai Fjords Glacier Lodge, a two-night stay at cozy Kenai Backcountry Lodge, and time to explore and enjoy Denali National Park from deep within the Kantishna region.
