The Homes at Kenai Riverside Lodge

Alaska Wildland Adventures recently purchased the neighboring 5 acres of riverfront land next to our Kenai Riverside Lodge. This exciting acquisition not only doubled our wooded premises, but we are now able to add home-based accommodations to our multi-night Lodge stays. There are three beautiful timber frame homes on the new property which were meticulously crafted by the previous owners, and we're happy to make them part of select offerings.

## Introducing the newest way to experience Kenai Riverside Lodge

During your stay at Kenai Riverside Lodge, you'll enjoy awe-inspiring guided activities, delicious and hearty home-cooked meals, authentic Alaskan ambiance, exceptional guest service and – based on availability – the opportunity to upgrade your stay to our newest accommodations on our lodge grounds.

Our newly expanded and enhanced Kenai Riverside Lodge now features 9 acres of peaceful, wooded beauty on the banks of the Kenai River. We invite you to choose from a diverse mix of charming lodging styles, from our original Riverside cabins – which come standard with every stay – to one of our upscale homes, featured on the next two pages. Our team of Reservations Specialists look forward to helping you discover the best fit!

Our home upgrades are available as an optional first-come, first-serve basis for guests spending multiple and consecutive nights at Kenai Riverside Lodge.
